

# Contents

<b>1. Introduction</b>	<b>13</b>
<b>2. Parts of proposal</b>	
2.1. Understanding and reading calls, deadlines, processes, and administration for EU projects. Legal aspects and national requirements	20
2.2. Responding to a call – creating a consortium and understanding the proposal writing process and thesis style	33
2.3. Scientific quality, technical cases, state of the art, and innovation	51
2.4. Transfer of knowledge, staff profiles, creation and presentation of knowledge gaps and career plans	70
2.5. Exchange programs and training structures	77
2.6. Implementation and management sections including Gantt charts, work packages, tasks and milestones, and risks and dependencies	87
2.7. Impact and the European Research Area along commercial, academic, and international axes	102
2.8. Intellectual property, dissemination, code of conduct, exploitation and TIP plans, gender issues, ethics, and other requirements of EU proposals	116
2.9. Annexes, page lengths, letters of support, personnel and organisational profiles	130
2.10. Tips, tricks, and hints for a successful EU proposal, a look at different types of calls, and what happens after your proposal is submitted. Why proposals succeed and why proposals fail	136
<b>3. Case study – practical examples of proposals submitted to IEF and IIF calls</b>	<b>146</b>

## CHAPTER 1

<b>INTRODUCTION</b>	<b>150</b>
<b>3.1. HOW TO PREPARE A GOOD PROPOSAL ADDRESSED TO THE IEF CALL</b>	<b>152</b>
3.1.1. PROPOSAL 1 TOTAL SCORE 53.2	161
<b>B1 Scientific and technological quality</b>	<b>163</b>
B1.1. Scientific and technological Quality, including any interdisciplinary and multidisciplinary aspects of the proposal	163

B1.2. Research methodology .....	169
B1.3. Originality and innovative nature of the project, and relationship to the 'state of the art' of research in the field .....	170
B1.4. Timeliness and relevance of the project .....	171
B1.5. Host scientific expertise in the field .....	171
B1.6. Quality of the group/supervisors .....	172
<b>B2 Training</b> .....	172
B2.1. Clarity and quality of the research training objectives for the researcher ....	172
B2.2. Relevance and quality of additional scientific training as well as of complementary skills offered .....	173
B2.3. Host expertise in training experienced researchers in the field and capacity to provide mentoring/tutoring .....	173
<b>B3 Researcher</b> .....	173
B3.1. Research experience .....	173
B3.2. Research results .....	176
B3.3. Independent thinking and leadership qualities .....	178
B3.4. Match between the fellow's profile and project .....	178
B3.5. Potential for reaching a position of professional maturity .....	179
B3.6. Potential to acquire new knowledge .....	179
<b>B4 Implementation</b> .....	179
B4.1. Quality of infrastructures/facilities and international collaborations of host ..	179
B4.2. Practical arrangements for the implementation and management of the project .....	180
B4.3. Feasibility and credibility of the project, including work plan .....	180
B4.5. Practical and administrative arrangements and support for the hosting of the fellow .....	181
<b>B5 Impact</b> .....	182
B5.1. Potential of acquiring competencies .....	182
B5.2. Contribution to career development or re-establishment where relevant ....	182
B5.3. Contribution to European excellence and European competitiveness .....	182
B5.4. Benefit of the mobility to the European Research Area .....	183
<b>3.1.2. PROPOSAL 2 TOTAL SCORE 56.3</b> .....	183
<b>B1 Scientific and technological quality</b> .....	185
B1.1. Scientific and technological quality, including any inter-disciplinary and multi-disciplinary aspects of the proposal .....	185
B1.2. Research methodology .....	186
B1.3. Originality and innovative nature of the project, and relationship to the 'state of the art' of research in the field .....	187
B1.4. Timeliness and relevance of the project .....	187
B1.5. Host scientific expertise in the field .....	188
B1.6. Quality of the group/supervisors .....	189
<b>B2 Training</b> .....	189
B2.1. Clarity and quality of the research training objectives for the researcher ....	189

B2.2. Relevance and quality of additional scientific training as well as of complementary skills offered .....	190
B2.3. Host expertise in training experienced researchers in the field and capacity to provide mentoring/tutoring .....	192
<b>B3 Researcher</b> .....	192
B3.1. Research experience .....	192
B3.2. Research results .....	193
B3.3. Independent thinking and leadership qualities .....	193
B3.4. Match between the fellow's profile and project .....	194
B3.5. Potential for reaching a position of professional maturity .....	194
B3.6. Potential to acquire new knowledge .....	194
<b>B4 Implementation</b> .....	195
B4.1. Quality of infrastructures/facilities and international collaborations of the host .....	195
B4.2. Practical arrangements for the implementation and management of the project .....	197
B4.3. Feasibility and credibility of the project, including work plan .....	197
B4.4. Practical and administrative arrangements and support for the hosting of the fellow .....	198
<b>B5 Impact</b> .....	199
B5.1. Potential of acquiring competencies .....	199
B5.2. Contribution to career development or re-establishment .....	199
B5.3. Contribution to European excellence and European competitiveness .....	200
B5.4 Benefit of the mobility to the European Research Area .....	200
<b>3.1.3. PROPOSAL 3 TOTAL SCORE 62.8</b> .....	201
<b>B1 Scientific and technological quality</b> .....	203
B1.1. Scientific and technological quality, including any interdisciplinary and multidisciplinary aspects of the proposal .....	203
B1.2. Research methodology .....	206
B1.3. Originality and innovative nature of the project, and relationship to the 'state of the art' of research in the field .....	212
B1.4. Timeliness and relevance of the project .....	213
B1.5. Host scientific expertise in the field .....	213
B1.6. Quality of the group/supervisors .....	214
<b>B2 Training</b> .....	216
B2.1. Clarity and quality of the research training objectives for the researcher .....	216
B2.2. Relevance and quality of additional scientific training as well as of complementary skills offered .....	217
B2.3. Host expertise in training experienced researchers in the field and capacity to provide mentoring/tutoring .....	219
<b>B3 Researcher</b> .....	220
B3.1. Research experience .....	220
B3.2. Research results .....	222
B3.3. Independent thinking and leadership qualities .....	223

B3.4. Match between the fellow's profile and project .....	224
B3.5. Potential for reaching a position of professional maturity .....	224
B3.6. Potential to acquire new knowledge .....	225
<b>B4 Implementation</b> .....	226
B4.1. Quality of infrastructures/facilities and international collaborations of host ..	226
B4.2. Practical arrangements for the implementation and management of the project .....	230
B4.3. Feasibility and credibility of the project, including work plan .....	231
B4.4. Practical and administrative arrangements and support for the hosting of the fellow .....	233
<b>B5 Impact</b> .....	234
B5.1. Potential of acquiring competencies .....	234
B5.2. Contribution to career development .....	235
B5.3. Contribution to European excellence and European competitiveness .....	236
B5.4. Benefit of the mobility to the European Research Area .....	237
 3.1.4. PROPOSAL 4 TOTAL SCORE 68.4 .....	238
<b>B1 Scientific and technological quality</b> .....	240
B1.1. Scientific and technological quality including any interdisciplinary and multidisciplinary aspects of the proposal .....	240
B1.2. Research methodology .....	243
B1.3. Originality and innovative nature of the project, and relationship to the 'state of the art' of research in the field .....	244
B1.4. Timeliness and relevance of the project .....	245
B1.5. Host scientific expertise in the field .....	246
B1.6. Quality of the group/scientists in charge .....	248
<b>B2 Training</b> .....	250
B2.1. Clarity and quality of the research training objectives for the researcher ....	250
B2.2. Relevance and quality of additional scientific training as well as of complementary skills offered .....	252
B2.3. Host expertise in training experienced researchers in the field and capacity to provide mentoring/tutoring .....	252
<b>B3 Researcher</b> .....	253
B3.1. Research experience .....	253
B3.2. Research results. Major accomplishments .....	256
B3.3. Independent thinking and leadership qualities .....	259
B3.4. Match between the fellow's profile and the project .....	260
B3.5. Potential for reaching a position of professional maturity .....	260
B3.6. Potential to acquire new knowledge .....	260
<b>B4 Implementation</b> .....	261
B4.1. Quality of infrastructures/facilities and international collaborations of host ..	261
B4.2. Practical arrangements for the implementation and management of the project .....	265
B4.3. Feasibility and credibility of the project, including work plan .....	265

B4.4. Practical and administrative arrangements and support for the hosting of the fellow .....	267
<b>B5 Impact</b> .....	269
B5.1. Potential of acquiring competencies .....	269
B5.2. Contribution to career development or re-establishment where relevant .....	269
B5.3. Contribution to European excellence and European competitiveness .....	270
B5.4. Benefit of the mobility to the European Research Area .....	271
<b>B6 Ethical Issues</b> .....	271
 3.1.5. PROPOSAL 5 TOTAL SCORE 77.2 .....	273
<b>B1 Scientific and technological quality</b> .....	275
<b>B2 Training</b> .....	281
<b>B3 Researcher</b> .....	283
<b>B4 Implementation</b> .....	287
<b>B5 Impact</b> .....	289
 3.1.6. PROPOSAL 6 TOTAL SCORE 79.7 .....	291
<b>B1 Scientific and technological quality</b> .....	294
<b>B2 Training</b> .....	302
<b>B3 Researcher</b> .....	305
<b>B4 Implementation</b> .....	310
<b>B5 Impact</b> .....	315

## CHAPTER 2

HOW TO PREPARE A GOOD PROPOSAL ADDRESSED TO THE IIF CALL .....	320
 3.2.1. PROPOSAL 1 TOTAL SCORE 85.2 .....	326
<b>B1 Scientific and technological quality (maximum 8 pages)</b> .....	328
B1.1. Scientific and technological quality .....	328
B1.1.1. Background .....	328
B1.1.2. Objectives .....	330
B1.2. Research methodology .....	331
B1.2.1. Description of the proposed technology .....	331
B1.2.2. Programme of work .....	332
B1.3. Originality and Innovative nature of the project, and relationship to the 'state of the art' .....	332
B1.4. Timeliness and relevance of the project .....	333

B1.5. Host scientific expertise in the field .....	334
B1.6. Quality of the group/researchers in charge. ....	335
<b>B2 Transfer of knowledge</b> .....	336
B2.1. Potential of transferring knowledge to European host and/or bring knowledge to Europe. ....	336
B2.2. Clarity and quality of the transfer of knowledge objectives .....	336
<b>B3 Researcher</b> .....	337
B3.1. Research experience .....	337
B3.2. Research results. ....	338
B3.3. Independent thinking, leadership qualities, and capacity to transfer knowledge .....	338
B3.4. Match between the fellow's profile and project. ....	339
<b>B4 Implementation</b> .....	339
B4.1. Quality of infrastructure/facilities and international collaborations of host .....	339
B4.2. Practical arrangements for the implementation and management of the project .....	340
B4.3. Feasibility and credibility of the project, including work plan .....	341
B4.4. Practical and administrative arrangements and support for the hosting of the fellow .....	344
<b>B5 Impact</b> .....	345
B5.1. Potential for creating long term collaborations and mutually beneficial co-operation between Europe and the third country .....	345
B5.2. Contribution to European excellence and European competitiveness. ....	345
B5.3. Contribution to the socio-economic development of the developing countries or emerging and transition economies by transfer of knowledge and human capacity building (for proposals that foresee a return phase) .....	346
B5.4. Benefit of the mobility to the European Research Area .....	347
<b>B6 Ethical issues</b> .....	347
 3.2.2. PROPOSAL 2 TOTAL SCORE 90.7 .....	348
<b>B1 Scientific and technological quality</b> .....	350
B1.1. Scientific and technological quality, including any interdisciplinary and multidisciplinary aspects of the proposal. ....	350
B1.1.1. Background .....	350
B1.1.2. State of the art. ....	351
B1.1.3. Aims and objectives .....	354
B1.2. Research methodology .....	356
B1.2.1. DNS and closure models for turbulent combustion of hydrogen-blended hydrocarbon fuels .....	356
B1.2.2. Lewis number effects .....	357
B1.3. Originality and Innovative nature of the project, and relationship to the 'state of the art' of research in the field .....	358
B1.4. Timeliness and relevance of the project .....	359

B1.5. Host scientific expertise in the field .....	360
B1.6. Quality of the group/scientists in charge .....	362
<b>B2 Transfer of knowledge</b> .....	364
B2.1. Potential of transferring knowledge to European host and/or bring knowledge to Europe .....	364
B2.2. Clarity and quality of the transfer of knowledge objectives .....	366
<b>B3 Researcher</b> .....	366
B3.1. Research experience of the fellow, CV is attached .....	366
B3.2. Research results including patents, publications, teaching etc., taking into account the level of experience .....	369
B3.3. Independent thinking, leadership qualities, and capacity to transfer knowledge .....	370
B3.4. Match between the fellow's profile and project .....	371
<b>B4 Implementation</b> .....	373
B4.1. Quality of infrastructure/facilities and international collaborations of host ...	373
B4.2. Practical arrangements for the implementation and management of the scientific project .....	375
B4.3. Feasibility and credibility of the project, including work plan .....	376
B4.4. Practical and administrative arrangements and support for the hosting of the fellow .....	380
<b>B5 Impact</b> .....	380
B5.1. Potential for creating long term collaborations and mutually beneficial cooperation between Europe and the third country .....	380
B5.2. Contribution to European excellence and European competitiveness. ....	381
B5.3. Contribution to the socio-economic development of the developing countries or emerging and transition economies by transfer of knowledge and human capacity building (where relevant).....	383
B5.4. Benefit of the mobility to the European Research Area .....	383
<b>B6 Ethical issues</b> .....	384
 <b>4. Good practices – Increasing your chances of submitting successful EU proposals</b> .....	 385
